

Teachers Project Meeting in Trenčín, Slovakia

29 November 2011 – 02 December 2012

The first project meeting was organized by Business Academy in Trenčín and its main goal was to decide on topics highlighting problems related to SHAPE Europe, generate new ideas for the the project, create detailed time schedule of individual activities. All the participating teachers – 5 from England, 2 from Germany and 4 from Slovakia - agreed on the way how to create the surveys and do the research. At the same time they had to make several changes compared to the activities planned in the application form due to the fact that the school from Lithuania was not approved to get the project grant.
